

Kathy Winsor,

When you walk through the front door you will often be greeted by Kathy, a long term resident of Cheshire County who lives on Swanzey Lake. She is a mother, a pet owner and a member of our family. When she is not here at the hospital, you may see her on the slopes, hiking, kayaking or stand up paddle boarding. Kathy has years of experience as a veterinary receptionist, is full of energy and is known for going above and beyond to offer excellent customer service. If you need anything just ask, she aims to please!
